

Industrial-Strength Cleaning Power

Ultimate Productivity

Advanced Sensing & Lighting Configuration

SCRUBBER 75

Robotic Floor Scrubber
for Large-Scale Commercial and Industrial Environments

45kg Brush Pressure

Best-in-Class Sensing

Oil Cleaning Mode

Enhanced Lighting

750mm Cleaning Width

Water Recycling

270 Rotational Scrub Deck

Ergonomic Manual Operation

Docking Stations

Leasing details available upon request.

Product Specification:

Product size (mm)	1,370(L)*962(W)*1,417(H)mm
Max Cleaning Efficiency (Theoretical)	3000m ² /h
Brush Pressure	45 kg
Clean Water Tank	75 L
Waste Water Tank	50 L
Max Cleaning Speed	1.1 m/s 2.5 mph
Min Pass Width	1,400mm
Min Passable Obstacle Height	10 mm
Min U-Turn Width	2000mm

Battery Type	Lithium Iron Phosphate
Battery Capacity	200 Ah
Rated Voltage	24 VDC
Max Output Power	2000 W
Charging Time	≈ 5h
Runtime	≈ 4-6 h
